Matalic Mat Black No.2 (YKV)

ABS*1 (BURGMAN 200 ABS/125 ABS only)

Underseat storage

Multi-function instruments

- 200/125cm³ 4-stroke, 1-cylinder, fuel-injected SOHC engine and Continuously Variable Transmission (CVT) are designed for overall optimum performance, especially at the low-to-mid rpm range torque.
- Exhaust catalyzer keeps emissions well within the strict Euro 4 regulations.
- Telescopic oil-damped forks in the front and swingarm suspension on the rear make the BURGMAN 200/125 sporty.
- Full 13-inch front wheel gives stability and comfort, while a thick rear tire provides excellent traction.
- Front and rear 220mm hydraulic disc brakes with the combined brake system to support brisk performance.

- Antilock Brake System (ABS)*1 monitors wheel speed, and matches stopping power to available traction. (BURGMAN 200 ABS/125 ABS only)
- Amply padded big two-person seat with integral rider's backrest for comfort even on bumpy paved streets.
- Low 735mm seat height and cut-away footboards are designed for easy stop-start traffic in town.
- Smartly integrated windscreen is designed specifically to control turbulence and create a smooth, pleasant flow of air over the rider.

- Huge rear luggage space is enough for the two full-face helmets or a big attaché case and extras. Convenient light automatically illuminates the luggage space.*2
- Comfortable three lidded front storage compartments are close to hand. Main compartment is lockable.
- Ignition switch with a magnetic security cover that can only be opened by owner's key.
- Clear and easy-to-read instruments include speedometer, temperature and fuel gauges, high beam and turn signal indicators and a digital clock.

*1 ABS is not designed to shorten the braking distance. ABS cannot prevent wheel skidding caused by braking while cornering. Please drive carefully and do not overly rely on ABS.

*2 Depending on the size and shape, two full-face helmets can not be put in the underseat compartment.
